TRANSPORTATION SYSTEM PLAN OPEN HOUSE

Thursday, July 21, 2016 at 6 P.M.

Community Center Council Chambers

421 S Water Street

Silverton, OR 97381

Come tell us what you think about local transportation!

The Transportation System Plan (TSP) is a long-range document that guides the expansion and operation of our transportation network for all modes of travel over the next 20 years. This process creates an opportunity to work with residents and businesses to shape the future of the ways people get around in Silverton – including bicycles, sidewalks and trails, transit, and freight.

The City's current TSP was adopted in 2008 and it needs to be updated to reflect the latest community vision, current infrastructure systems, and new growth projections. An updated TSP will enable the City to more effectively compete for limited federal and state funds by establishing clear support for specific transportation priorities.

On Thursday, July 21, the project team will be hosting a community event at the Silverton Community Center. This event will provide an opportunity to discuss transportation needs in the city, collect community input, and share information about the TSP process. Help us address important transportation needs in Silverton by joining us at the event. Project staff will be available to share information about what we've heard so far and discuss your concerns and ideas.
